Dear Parent Community

Next week the children in PP to Year 7 will be attending Interm Swimming. I expect all of the children to attend. If there are compelling reasons why your child can’t attend, please contact us, if you haven’t already. Details of the where, what and how are included with this newsletter.

Last Monday the student councillors and faction captains attended a leadership day at Woodman Point Recreation Centre. The children had a go at a climbing wall, whizzed along the Flying Fox and built a raft. As always the children conducted themselves well and demonstrated superb behaviour. A big thankyou to Mrs Luff and Mrs Mottram for organising the day and accompanying the children.

We are in the process of organising events for the end of the year including, graduation, book night and Carol Night. Keep an eye on the events calendar in the newsletter for details.

Arrangements for 2015 student requirements will be similar to 2014. A list will be sent home towards the middle of the term. The name of the teacher assigned to a particular year or group will not be known for some time.

As part of the school self-evaluation process parents will be invited to complete an online survey where they can record their levels of satisfaction with the school. I will provide the address within a few weeks’ time. I would encourage people to fill in the survey to assist us in ensuring the school continues to meet the needs of the children.

The end of year student reports will be going home on the 17th of December.

Kind regards

Ray Knight
Principal
